AltaMed Health Services

888.499.9303 • www.altamed.org

Breast Cancer Early Detection and Care Program

The *Breast Cancer Early Detection and Care Program* improves access to timely screening, re-screening, diagnosis, and treatment services through language-appropriate case management and patient navigation services for women identified as at-risk of rarely or never screened for breast cancer. AltaMed has nine medical clinics serving vulnerable communities throughout Orange County.

Breast Cancer Solutions

866.960.9222 • www.breastcancersolutions.org

Financial Assistance and Navigation for Orange County Breast Cancer Patients

Breast Cancer Solution's program, primarily serving the Latino and Vietnamese communities, ensures no individual will forego breast cancer treatment because of an inability to pay for out-of-pocket medical expenses such as health insurance premiums, medication, and insurance share of cost. In addition, Breast Cancer Solutions provides financial assistance to help cover other life-supporting expenses for breast cancer patients who are unable to work due to treatment.

Korean Community Services Health Center

714.503.6550 • www.koreancommunity.org

Breast Cancer Screening, Linkage and Education for Low-Income Orange County Korean Language Speakers

Korean Community Services Health Center aims to increase access among the uninsured and underinsured Korean-American community by providing in language breast health education, patient navigation, comprehensive breast health services and health insurance application assistance in the Orange County Area.

Nhan Hoa Comprehensive Health Care Clinic

714.898.8888 • www.nhanhoa.org

BEAT Breast Cancer

Nhan Hoa Comprehensive Health Care Clinic provides culturally competent, affordable medical services to the Asian and Pacific Islander (API) community in Orange County encouraging health awareness and healthy lifestyles. Their project aims to meet the breast health needs of low-income, uninsured API women in key geographic areas surrounding their clinic (Anaheim, Garden Grove, Santa Ana, and Westminster.)

Orange County Herald Center

949.438.1266 • www.oc.cchcla.org

Chinese E-Women Project (Engage, Educate, Encourage, Equip & Empower Chinese Women in OC)

Combating a lack of breast cancer knowledge, in-language resources, and psychosocial support, the Orange County Herald Center's breast health program will provide culturally and linguistically appropriate breast health education to Chinese women in Orange County. The group aims to increase screening rates among Chinese women through the use of trained lay community navigators and educational events.

Planned Parenthood of Orange and San Bernardino Counties

714.922.4100 • www.pposbc.org

PPOSBC Breast Health Program

Planned Parenthood is a safety net provider for uninsured and underinsured young adults. Their program will provide breast health services such as education and clinical breast exams. For individuals with an abnormal finding, they provide patient navigation services for additional diagnostic care. Planned Parenthood has six clinics located throughout Orange County and primarily serve the Latino population.

Share Our Selves

949.270.2100 • www.shareourselves.org

SOS Women's Health Initiative

Share Our Selves (SOS) has been serving as a pivotal safety-net for over 40 years to Orange County residents that lack essential needs such as medical and dental services, as well as financial assistance and counseling programs. The Women's Health Initiative provides a medical home for low income women and provides extensive breast health screening, education, care coordination and case management, and specialty referrals for breast cancer.

The Cambodian Family Community Center

714.571.1966 • www.cambodianfamily.org

Cambodian Breast Health Education and Support Team (Cam-BHEST)

The Cam-BHEST program aims to improve access for underserved, low-income, and limited English-proficient Cambodian women residing in Orange County to breast cancer health care and prevention education and resources, thereby reducing health disparities for this community.

Vietnamese American Cancer Foundation

714.751.5805 • English: www.vacf.org
Vietnamese: www.ungthu.org

Breast Health Initiative

The Breast Health Initiative strives to ensure that every Vietnamese American woman receives breast health services regardless of language proficiency, income, age, or insurance status. This program brings awareness, breaks cultural and language barriers, promotes early detection by providing linkage to breast cancer screening services, and provides a forum to discuss breast health care and cancer survivorship.

YWCA of North Orange County

714.871.4488 • www.ywcanoc.org

Neighborhood Link to Breast Cancer Prevention

The YWCA of North Orange County has the largest, mobile, multiethnic early breast cancer screening and education program in Orange County. This program makes quality breast cancer screening and breast health awareness available to underserved, uninsured, multiethnic women in their own neighborhoods, in their own languages, and in a manner that is sensitive to their cultural beliefs.
