

Support for Girl Scout Journeys, Badges, and Awards

Komen Orange County is happy to connect Girl Scouts with important breast health resources that can help them have a better understanding of how they can take care of their bodies as well as educate their peers and family members. Girl Scouts of all ages, as well as adult volunteers, can connect with Susan G. Komen Orange County for opportunities to volunteer for special events (such as the MORE THAN PINK WALK™) as well as request women's health education workshops for upcoming troop and/or service unit meeting(s). We do not have our own patch program yet, but are open to working with troops or GSIs on any badges or journeys that focus on health and/or advocacy.

Girl Scouts working on breast health or breast cancer-related Gold Award projects are welcome to reach out for support with their goals. Plus, graduating and college-bound Girl Scout Ambassadors (and/or alumnae 18 years or older) are invited to connect with us regarding internship opportunities where they can learn not only about nonprofit management, but about how they can help to make a positive difference for women and families with breast cancer right here in Orange County.

Get started by emailing us at info@komenoc.org or by calling 714-957-9157 (office hours are M-F 9am-5pm PST). Visit our website at komenoc.org for the latest updates and events.
