

At Susan G. Komen® Orange County, we strive to support those affected by breast cancer today, while tirelessly searching for tomorrow's cures.

We empower patients with personalized information, improve access to high-quality care, offer treatment assistance and patient support, advocate for strong public policy, and fund innovative research.

## Research

Guided by patient advocates and the world's leaders in breast cancer research, we are funding innovative studies to develop new ways to treat, detect, prevent and ultimately cure all forms of breast cancer.

## Care

Komen serves communities all across the nation by connecting people to lifesaving care and improving access to high-quality treatment through patient assistance and support.

## Community

We empower patients and their families with trustworthy information to help them make informed health decisions, providing personal support to better understand treatment options, while overcoming barriers to receiving timely, high-quality health care.

## Action

We empower advocates to fight for compassionate, patient-centered policies from elected officials and policymakers creating long-lasting, systemic change in public policy at all levels of government.

## Ways to Get Involved

### ATTEND OR SPONSOR AN EVENT

Connect and advocate with others at a special event hosted by Komen OC or one of our community partners--including the MORE THAN PINK Walk® in September!

### MAKE A GIFT

The funds we raise help provide vital resources for those who need it most in Orange County. Your one-time or monthly gift can ensure that breast health programs continue strong!

### JOINS US FOR THE MORE THAN PINK™ EXPERIENCE

Schedule a FREE one-hour mission tour with your group to learn about how you can make an impact in the fight against breast cancer!

### HOST A WORKSHOP OR FUNDRAISER

Whether at your company or in your neighborhood, become a breast cancer advocate by hosting a fundraiser or educational workshop. Our trained staff and volunteers are ready to support your goals.

### VOLUNTEER

Support a neighbor or co-worker living with breast cancer by sharing your talents and skills. Short and long term opportunities are available for individuals and groups.

**Susan G. Komen®**   
**ORANGE COUNTY**

Where the end of breast cancer begins.™

komenoc.org

Everyday in Orange County, **FIVE WOMEN** are diagnosed with breast cancer and **ONE WOMAN** dies from the disease.

This is unacceptable!

**WHO WE SERVE:**

We're committed to providing quality resources that help Orange County men, women, and families take charge of their health, especially in underserved and underinsured communities.

**OUR VISION:**

A world without breast cancer.

**OUR MISSION:**

Save lives by meeting the most critical needs in our communities and investing in breakthrough research to prevent and cure breast cancer.

**Komen Orange County is proud to work alongside dedicated volunteers, community partners, and healthcare providers to offer vital tools for local residents who need guidance in discovering diagnostics and navigating their care, including:**

**ACCESS TO BREAST CANCER SCREENINGS**

With the help of community partners and clinics, including the Every Woman Counts program, we are able to bring vital mammography screenings to underinsured communities throughout the county as well as care coordination.

Our goal is to help underserved communities gain access to quality screening, diagnosis, and treatment for breast cancer. We offer patient support and treatment assistance to those who qualify. Give us a call to learn more!

**EDUCATION PROGRAMS AND CONFERENCES**

Whether it's a local health fair, university workshop, health & wellness panel, or a corporate employee presentation, our trained staff and volunteer teams are out in the community sharing the latest news and research findings. We also host an annual Metastatic Breast Cancer Conference in the spring. Plus, there are downloadable materials (in multiple languages) available on our website at [komenoc.org/education](http://komenoc.org/education).

**ACTION AND ADVOCACY**

By advocating for government funding of critical patient support and research, we stand up for the rights of patients within California and nationwide. We educate and persuade local policymakers about the importance of our mission and fight for compassionate care for everyone.

**LOCAL SUPPORT GROUPS AND RESOURCES**

Recently diagnosed and not sure what to do next? Looking for financial assistance or a wig during treatments? Our friendly staff is available to listen, understand your needs, and make local resource recommendations to help you with your breast cancer journey (qualifications apply for some services).

**NATIONAL KOMEN BREAST CARE HELPLINE**

If you, a loved one, and/or a caregiver need information about breast cancer, clinical trials, or other resources, call the national helpline to speak with a caring and trained specialist or oncology social worker (English & Spanish available).

To speak with a breast care specialist,

- Call toll-free: 1-877 GO KOMEN (1-877-465-6636)
- E-mail: [helpline@komen.org](mailto:helpline@komen.org)
- Helpline hours: M-F 6:00am - 7:00pm PST
