

2018 Grant Recipients

COMMUNITY GRANT PROGRAM:

AltaMed Health Services (P) 888.499.9303 • www.altamed.org

Breast Cancer Early Detection and Care Program

The *Breast Cancer Early Detection and Care Program* improves access to timely screening, re-screening, diagnosis, and treatment services through language-appropriate case management and patient navigation services for women identified as at-risk of rarely or never screened for breast cancer. AltaMed has eight medical clinics serving over 61,000 patients annually in vulnerable communities throughout Orange County.

Breast Cancer Solutions (P) 866.960.9222 • www.breastcancersolutions.org

Financial Assistance and Navigation for Orange County Latina and Vietnamese Breast Cancer Patients

Their breast health program ensures no individual will forego breast cancer treatment because of an inability to pay for out-of-pocket medical expenses such as health insurance premiums, medication, and insurance share of cost. In addition, Breast Cancer Solutions provides financial assistance to help cover other life-supporting expenses for breast cancer patients who are unable to work due to treatment.

Nhan Hoa Comprehensive Health Care Clinic (P) 714.898.8888 • <http://www.nhanhoa.org/>

BEAT Breast Cancer

Nhan Hoa Comprehensive Health Care Clinic provides comprehensive and affordable medical services to the Asian and Pacific Islander (API) community in Orange County. Their project aims to meet the breast health needs of low-income, uninsured API women that are in key geographic areas such as Anaheim, Garden Grove, Santa Ana, and Westminster.

Planned Parenthood of Orange and San Bernardino Counties (P) 714.633.6373 • www.pposbc.org

PPOSBC Breast Health Program

Planned Parenthood is a safety net provider for uninsured and underinsured young adults. Their program will provide breast health services such as clinical breast exams. For individuals with an abnormal finding, they will provide patient navigation services for diagnostic care. They have clinics located throughout Orange County and primarily serve the Latino population, an identified at risk Priority Population.

Share Our Selves (P) 949.270.2100 • www.shareourselves.org

SOS Women's Health Initiative

Share Our Selves (SOS) has been serving as a pivotal safety-net for over 40 years to Orange County residents that lack essential needs such as medical and dental services, as well as financial assistance and counseling programs. The Women's Health Initiative provides a medical home for low income women and provides extensive breast health

screening, education, care coordination and case management, and specialty referrals for breast cancer.

The Cambodian Family Community Center

(P) 714.571.1966 • www.cambodianfamily.org

Cambodian Breast Health Education and Support Together (Cam-BHEST) Project

The Cam-BHEST program aims to improve access of underserved, low-income, and limited English-proficient Cambodian women residing in Orange County to breast cancer health care and prevention education and resources, thereby reducing health disparities for this community.

Vietnamese American Cancer

(P) 714.751.5805 • English:

www.vacf.org

Foundation

Vietnamese: www.ungthu.org

Breast Health Initiative

The Breast Health Initiative strives to ensure that every Vietnamese American woman receives breast health services regardless of language proficiency, income, age, or insurance status. This program brings awareness, breaks cultural and language barriers, promotes early detection by providing linkage to breast cancer screening services, and provides a forum to discuss breast health care and cancer survivorship.

YWCA of North Orange County

(P) 714.871.4488 • www.ywcanoc.org

Neighborhood Link to Breast Cancer Prevention

The YWCA of North Orange County has the largest, mobile, multiethnic early breast cancer screening and education program in Orange County. This program makes quality breast cancer screening and breast health awareness available to underserved, uninsured, multiethnic women in their own neighborhoods, in their own languages, and in a manner that is sensitive to their cultural beliefs.
