

OCTOBER

BREAST CANCER AWARENESS MONTH

Early Detection Saves Lives. Help Spread the Word.

- Every day in Orange County, five women are diagnosed with breast cancer and one woman dies from the disease.
- In 2019, about 41,760 women and 500 men in the U.S. are expected to die from breast cancer.
- Early detection and effective treatment resulted in a 40% decline in breast cancer mortality in the U.S. between 1989-2016.
